National Highways Sector Scheme Training
12C Mobile Lane Closure Operative

Duration:
One Day.

Group Size:
Maximum 8 delegates

Who Should Attend?
All persons who will be required by their employer to undertake the mobile lane closure technique as an advance warning vehicle driver on motorways and/or dual carriageways.

Course Aims:
To provide delegates with the necessary knowledge to assist them in becoming a competent member of an mobile lane closure team.

Course Objectives:
On completion of the session delegates will: -

- Understand the principles of Sector schemes, general health and safety at work, risk assessments and method statements associated with the mobile traffic management industry
- Reference documentation relevant to the mobile lane closure technique.
- Training and assessment requirements for mobile lane closure personnel.
- Vehicle and Equipment specification
- Communications roles and responsibilities
- Mobile lane closure principles and practical techniques
- The types of work that require full mobile lane closure techniques and the limitations

Certification:
On completion all candidates will undertake a multiple-choice question paper which carries a 75% pass mark. Lantra Awards will make certification for successful candidates. Full completion of the award can be achieved over a further period of a maximum 12 months, by undertaking on site assessments with a suitably qualified assessor in accordance with the awarding organisation's scheme rules
